Appendix A. Davis Vision – Vision Care Program Benefit Description ........................................ 22
Section 1. Introduction

This is a summary of highlights of the Vision Care Program, a component of the National Technology & Engineering Solutions of Sandia, LLC “NTESS” Health Benefits Plan for Employees (ERISA Plan 540). This Program Summary is part of the NTESS Health Benefits Plan for Employees Summary Plan Description. It contains important information about your NTESS (“Sandia”) health benefits.

Certain capitalized words in this Program Summary have special meaning. These words have been defined in Section 10: Definitions.

When the words “we”, “us”, and “our” appear in this document, we are referring to Sandia. When the words “you” and “your” are used throughout this document, we are referring to people who are Covered Members as defined in Section 10: Definitions.

Many sections of this Program Summary are related to other sections of the Program Summary and to information contained in the NTESS Health Benefits Plan for Employees Summary Plan Description. You will not have all of the information you need by reading just one section or just one booklet. For example, you will need to refer to the NTESS Health Benefits Plan for Employees Summary Plan Description for information about eligibility, enrollment, disenrollment, premiums, termination, coordination of benefits, subrogation and reimbursement rights, when coverage ends, continuation of coverage provisions, and your rights under the Employee Retirement Income Security Act of 1974 (ERISA).

To receive a paper copy of this Program Summary, other Program Summaries, and/or the NTESS Health Benefits Plan for Employees Summary Plan Description, please contact Sandia HR Solutions at 505-284-4700 or email hbesupport@mailps.custhelp.com. These documents are also available electronically at hr.sandia.gov.

Since these documents will continue to be updated, we recommend that you check back on a regular basis for the most recent version.
Section 2. Summary of Changes

This section highlights the changes made to the Vision Care Program (VCP) effective January 1, 2020:

- Effective April 2, 2020, HR Customer Service and the associated phone number referenced in this document will change to HR Solutions, 505-284-4700.

- Clarification of vision exam benefit for Kaiser-provided services.
Section 3. Accessing Care

When you need an eye examination, glasses, or Contact Lenses, you have the option of accessing care through either a Network (participating) Provider or a Non-Network (non-participating) Provider as detailed below.

Network and Non-Network Options

The in-network option provides you access to a national network of physicians, retailers, and materials contracted with Davis Vision to provide their services at negotiated fees. For the most updated in-network provider listing in your area, contact Davis Vision at 888-575-0191 or access the website at www.davisvision.com; click “Member” and type “3255” in the Client Code box.

The advantages of using the in-network option include:

- Copays for examinations and prescription Lenses
- Allowance for Frames and Contact Lenses
- Access to discounted materials and fees
- No claims to file

The non-network option offers a lower level of benefit but enables you to get services from any licensed provider. No referrals are required. You receive a flat reimbursement up to a specified dollar amount for examinations, Frames, prescription Lenses, and Contact Lenses. You are responsible for all charges above this flat reimbursement.

In-Network Option

Network Providers

- Call a Network Provider of your choice and schedule an appointment.
- Identify yourself as a Davis Vision participant and Sandia National Laboratories member or dependent.
- Provide the office with your Davis Vision issued ID number or social security number and the name and date of birth of any covered dependent needing services. The provider's office will verify your eligibility for services. The claim will be processed electronically (no claim form filing is required for in-network services or material purchases).

You may also click the link on the Member Menu of the Davis Vision website entitled “Shop Visionworks.com” to access Network benefits from Visionworks stores online. Visit Davis Vision's website at www.davisvision.com.

For more information call Davis Vision member services at 888-575-0191. Note for new members: when visiting the web prior to enrollment, enter web Control Code 3255.
Out-of-Network Option

Non-Network (Non-Participating) Providers

- Contact any licensed provider of your choice and schedule an appointment.
- Obtain a claim form from the Davis Vision website www.davisvision.com (Member login/Forms).
- Take the claim form with you to the appointment and have the provider complete it. In lieu of having the provider complete the form, you can attach an original itemized copy of the billing received from the Non-Network Provider and send it with the claim form to Davis Vision. You may also submit your Non-Network claims via the Davis Vision mobile app.
- You will be responsible for full payment at the time expenses are incurred.
- Submit the claim form to Davis Vision within one year of the date of service to obtain reimbursement based on the out-of-network Program design.
  - If your Non-Network provider submits your claim with an Assignment of Benefits on file, Davis Vision will issue reimbursement directly to the provider. Please note you may be balance billed for amounts not covered by the plan.

Note: If you are a Kaiser Permanente member and are enrolled in the Davis Vision plan, you are eligible for the annual eye exam benefit once every 12 months, with the benefit resetting on the first day of the month of service each year. The claim is considered out-of-network and will be processed up to the specified reimbursement amount as applicable.
Section 4. Benefits and Limitations

The VCP provides benefits for you on a scheduled basis, with reimbursement available every 12 months for Comprehensive Vision Examination benefits and Lens benefits, and once every 24 months for Frame benefits. Benefits reset on the first day of the month when the individual is eligible to use the benefits again. Please refer to Examples of Covered Expenses for the Enhanced Plan for more information.

Benefits vary depending on your choice of a Network (participating) Provider or Non-Network (non-participating) Provider as described in this section.

### Examples of Covered Expenses for the Enhanced Plan

#### Example 1

A Covered Participant had a Comprehensive Vision Examination on February 10, 2019 and ordered a pair of single-vision prescription eyeglasses and an $80 Frame on March 5, 2019. The Covered Participant had made no previous claims under the Vision Care Program.

**Network (participating) Provider**

- The Covered Participant made the following copayments to the provider:
  1. $20 for the exam
  2. $0 for the Frame because the entire allowance was used. (Frame allowance is $150).
- The VCP paid the Network (participating) Provider in this example for the full cost of the Frame and expenses Incurred above the Covered Participant’s copayment amounts.
- The Covered Participant will become eligible for a covered eye exam on February 1, 2020 (one year later, at the first of the month) and will be eligible for covered Lenses, if needed, on March 1, 2020 (one year later, at the first of the month). However, the Covered Participant would be eligible for a covered Frame on March 1, 2021 (two years later, at the first of the month).

**Non-Network (non-participating) Provider**

- The Covered Participant paid the provider in full and filed a Direct Reimbursement Claim, and the VCP reimbursed the Covered Participant up to the following amounts under the schedule:
  1. $30 for the exam
  2. $30 for a pair of single vision Lenses
  3. $40 for an eyeglass Frame
- The Covered Participant was responsible for any amount charged in excess of the VCP benefit.
- The Covered Participant will become eligible for a covered eye exam on February 1, 2020 (one year later, at the first of the month) and will be eligible for covered Lenses, if needed, on March 1, 2020 (one year later, at the first of the month). However, the

Vision Care Program (VCP)
Program Summary
Covered Participant would be eligible for a covered Frame on March 1, 2021 (two years later, at the first of the month).

**Example 2**

A Covered Participant lost one prescription Contact Lens and ordered a replacement from the provider on April 1, 2019. The charge for this replacement Contact Lens was $40 and the Covered Participant had previously filed a claim under the VCP for the original Contact Lenses on January 1, 2019.

**Network (participating) Provider**

- The VCP provides a Contact Lens allowance of $150 per pair.
- The Covered Participant was not responsible for any copayment on the original pair of contact lenses.
- The network (participating) provider filed a claim to the Davis Vision for the Contact Lens benefit.
- The Covered Participant has used up the benefit for Lenses in that 12-month period. The remaining amount is not available for additional expense reimbursement. The Covered Participant will regain eligibility for covered Lenses on January 1, 2020. This second replacement contact lens would not be covered by the VCP, as the benefit was already exhausted on the contact lens purchase from January 1, 2019.

**Non-Network (non-participating) Provider**

- The Covered Participant must pay the Non-Network (non-participating) Provider the full cost of the Contact Lens.
- The Covered Participant filed a Direct Reimbursement Claim and paid the $40 charge.
  - Since the VCP pays for prescription Contact Lenses once in a 12-month period, this $40 claim will not be covered under the provisions of the VCP.
- The Covered Participant has used up the benefit for Lenses in that 12-month period. The remaining amount is not available for additional expense reimbursement. The Covered Participant will regain eligibility for covered Lenses on January 1, 2020. This second replacement contact lens would not be covered by the VCP, as the benefit was already exhausted on the contact lens purchase from January 1, 2019.

**When Expenses Are Incurred**

Expenses for any service or supply are considered Incurred for:

- Comprehensive Vision Examinations – on the date of the exam.
- Lenses or Frames – on the date you order the materials.

**IMPORTANT:** Sandia retirees are not eligible for the benefits described above.

**Note:** PreMedicare retirees should defer to the Davis Vision Affinity Discount Program.

Section 6. Coordination of Benefits

Please refer to the NTESS Health Benefits Plan for Employees Summary Plan Description for coordination of benefits. It is your responsibility to notify your provider if your covered dependents have other insurance so that they can file the claim with the applicable benefit plans accordingly.

If you are covered by another vision plan and have received an Explanation of Benefits (EOB) outlining the amounts paid by that primary insurance, please be sure to include that document when submitting your claim. It is the responsibility of the member to notify Davis Vision of the existence of other vision coverage.
Section 7. How to File a Claim

This section provides an overview of how to file a claim with Davis Vision and the receipt of benefit payments.

Filing an Initial Claim

IMPORTANT: All claims must be submitted within one year after the date of service in order to be eligible for consideration of payment. The 12-month requirement will not apply if you are legally incapacitated.

Refer to Section 8: How to File an Appeal, in the NTESS Health Benefits Plan for Employees Summary Plan Description for information on timeframes for initial claims decisions.

In-Network Claim Processing

When you seek services through an in-network provider, the provider verifies eligibility and submits claims directly to Davis Vision. There are no claim forms necessary to obtain VCP benefits.

Out-of-Network Claim Processing

When you seek services through an out-of-network (non-participating) provider, the provider does not verify eligibility. Therefore, it is your responsibility to verify if you or your dependent is eligible for the benefit by calling Davis Vision at 888-575-0191 or by visiting the Davis Vision website at www.davisvision.com.

- Obtain a Davis Vision Direct Reimbursement Claim Form.
- The Direct Reimbursement Claim Form is required for services or materials received from providers who do not participate in the Davis Vision network.
- Complete member/employee information and patient information sections of the form.
- Have your provider complete the Provider section of the form.
  
  Note: In lieu of having your provider complete the form, you can attach an original itemized copy of the billing received from the Non-Network Provider and send it with the claim form to Davis Vision.
- Sign the form and make a copy for your records.
- Mail the original to Davis Vision.
Mailing the Claim Form

Mail the completed claim form to the Davis Vision address (shown on the claim form):

**Davis Vision**
**Vision Care Processing Unit**
P. O. Box 1525
Latham, NY 12110

When to Submit Claims

Submit the claim form to the Claim Administrator:

- Immediately after the vision expenses are Incurred, or
- Prior to one year from the date of service or purchase

*Note:* Completion and submission of the Direct Reimbursement Claim Form does not guarantee eligibility for benefits.

- You may also submit your Out-of-Network claim through the Davis Vision mobile app.

Benefit Payments

Refer to **Section 4: Benefits and Limitations**, in the **NTESS Health Benefits Plan for Employees Summary Plan Description** for information on benefits payments as well as information on the contents of any notice of benefit determinations.

*Note:* The person who receives a service is ultimately responsible for payment of services received from the providers.

Benefit payments for Out-of-Network services are made directly to the policyholder unless there is an assignment of benefits on file, in which case Davis will pay the provider directly up to the maximum reimbursement amounts for covered services.

*Network (Participating) Provider Benefits*

- You will pay the applicable copayments for examinations and Lenses to the Network (participating) Provider at the time services are rendered and/or materials are ordered. Davis Vision will pay the provider for the employer portion of the costs and submit the cost to Sandia, which will in turn reimburse Davis Vision.

- An established eyeglass Frame allowance will be paid to the provider upon submittal of a provider claim. You must pay any amount above and beyond the established eyeglass Frame allowance in full.

- An established Contact Lens allowance will be paid to the provider upon submittal of a provider claim. You must pay any amount above and beyond the established contact allowance in full.
The Network Provider will provide you documentation, which will outline payment of the claim and will let you know what portion of the claim you need to pay. If you experience problems with the claim, contact Davis Vision at 888-575-0191 within 60 days of filing.

**Non-Network (non-participating) Provider**

- You must obtain a Direct Reimbursement Claim Form to be completed by you and the provider.
- You will be required to pay for Incurred expenses for services from a licensed provider.
- Davis Vision will reimburse you for covered services, unless there is an assignment of benefits on file, in which case Davis will pay the provider directly up to the maximum reimbursement amounts for covered services, determined by the schedule outlined under [Section 4: Benefits and Limitations](#).

Davis Vision will send you an EOB, which will outline payment of the claim. The EOB will let you know what portion of the claim was reimbursed by the Claim Administrator. If you have not been notified about a claim within 60 days of filing, contact Davis Vision at 888-575-0191.

**Right to Recover Excess Payments**

Davis Vision has the right, at any time, to recover any amount paid by the VCP for Covered Charges in excess of the amount that should have been paid under the VCP provisions. Payments may be recovered from you, providers of service, and other group health plans.

**IMPORTANT:** By accepting benefits under the Vision Care Program, you agree to reimburse payments made in error and cooperate in the recovery of excess payments.
Section 8. How to File an Appeal

This section outlines how to file an appeal with Davis Vision.

**IMPORTANT:** Upon denial of a claim, you have 180 calendar days of receipt of the notification of adverse benefit determination to appeal the claim.

If a claim for benefits is denied in part or in whole, you have the right to appeal the claim. A request for further information from the provider of service is not a claim denial. You must exhaust the appeals process before you can seek other legal recourse.

**IMPORTANT:** Regardless of the decision and/or recommendation of Davis Vision, NTESS, or what the Program will pay, it is always up to you and the doctor to decide what, if any, care you receive.

The table below outlines who to contact based on the reason for the claim denial:

Before requesting a formal appeal, you may informally contact customer service. If the customer service representative cannot resolve the issue to your satisfaction over the phone, you may submit your question in writing at the address noted below. If you are not satisfied with a claim determination, you may file an appeal without first informally contacting customer service.

If you disagree with a post-service claim determination, you can contact Davis Vision in writing to formally request an appeal. Davis Vision administers a mandatory single appeal procedure. If you disagree with the appeal determination, you can contact Davis Vision in writing to formally request a voluntary second level appeal.

Written communication should include:

- Patient’s name and ID number as shown on the ID card
- Provider’s name
- Date of vision service
- Reason you think your claim should be paid
- Any documentation or other written information to support your request
You, or your doctor, can send the written appeal to:

**Davis Vision Quality Assurance**  
Vision Care Processing Unit  
P.O. Box 791  
Latham, NY 12110-0791

Davis Vision will notify you of the decision regarding the appeal within the applicable time periods as outlined in Section 8: Plan Information, in the [NTESS Health Benefits Plan for Employees Summary Plan Description](#). This Section also outlines the contents of the appeal denial notification if your appeal is denied.

**Davis Vision Appeals Procedure**

The Davis Vision utilization manager or any other person(s) reviewing your claim will not be the same as, nor will they be subordinate to, the person(s) who initially decided your claim. The vision director will grant no deference to the prior decision about your claim. Instead, he or she will assess the information, including any additional information that you have provided, as if he or she were deciding the claim for the first time.

The utilization manager will make a decision within 60 days of receiving your request for the review of predeterminations or post-service claims. If your claim is denied on review (in whole or in part) you will be notified in writing.

If you are not satisfied with the results of the review (first level appeal decision), you have the right to request a second level appeal. Your second level appeal request must be submitted in writing within 180 days from receipt of the first level appeal decision. A second level appeal includes all procedures applicable during first level appeals but the review will be conducted by a clinical peer reviewer or other person who was not involved in the initial determination or the first level appeal process. The second level appeal decision will be made within 60 days of receiving the request for a second level appeal.

If the results of the second level review determine that benefits are applicable, Davis Vision will recalculate the claim for available benefits and send written notification of payment to you. In the event the first level appeal decision is supported by the second level review process, the adverse benefit determination will be upheld and you will again be notified in writing.

Davis Vision will notify you of the decision regarding any appeal within the applicable time periods. For those time periods and more information on the appeals process, refer to Section 8: Plan Information, in the [NTESS Health Benefits Plan for Employees Summary Plan Description](#).
