

**Sandia's HBE will no longer send updated health information into your Medfusion Intuit patient portal. However, you can keep your account and continue to access your information and share with participating providers via the health key. If you wish to access your account follow these easy steps:**

**Access iHealth:**

<https://www.medfusion.net/secure/portal/index.cfm?fuseaction=home.login&dest=welcome&gid=5780&muuid=6305>

Do you have User IDs and Passwords at other doctors' offices?  
They might work here!  
Click on the Healthkey logo to learn more.

This site uses HEALTHKEY

**Don't have an account?**

Already have an account with another doctor's office that is a member of HEALTHKEY™ Just log in!

- Access all online services offered by your physician
- Update demographics and insurance
- Update e-mail address
- Update username and password
- View history of previous visits

**Create An Account**

Welcome to our Patient Portal  
Take advantage of the online services offered by our practice with the assurance that all of your information is encrypted and stored securely.  
After you create your account, you will receive an e-mail from us that includes your user ID and a link back to our patient portal . You may log in at any time to begin using our services.  
If you are experiencing a medical emergency, please dial 911 or your local emergency number for immediate assistance.

## What is Healthkey?

Healthkey is a service that allows you to use the same user ID and password on multiple doctor's websites, making it easier to access your healthcare information.

## How do I use Healthkey?

You create a user ID and password once that you can use wherever you see the Healthkey logo:

Look for this logo in the footer of your doctor's website.

## Benefits of Healthkey

- You only have to remember one user ID and password for multiple doctor's websites.
- When you update your personal information (for example: your password, email address, or phone number) on one doctor's site, it will automatically be updated on all the sites that use Healthkey.
- Healthkey uses powerful security and encryption technologies to protect your privacy and medical information.
