- Learn how to enroll in programs to earn dollars toward your HRA

**Glossary of Health Plan Terms**

Understanding health insurance isn’t always easy. Here are some common terms that are helpful to understand.

**Claim form:** A form you may have to fill out and submit to your health insurance carrier for payment of benefits under that health care plan for non-contracted providers.

**Coinsurance:** A percentage of a covered charge that you are required to pay toward a service covered by your plan.

**Deductible:** A fixed amount of the eligible expenses you are required to pay before payment by your health plan begins.

**HRA (Health Reimbursement Account):** Funds from your employer that can be used toward your deductible and coinsurance.

**Integrated Provider Finder®:** Provider Finder from Blue Cross and Blue Shield of New Mexico is an innovation for helping members select providers with meaningful quality ratings.

**Network:** The group of doctors, hospitals, and other medical care professionals that a health care plan has contracted with to deliver medical services to its members.

**Non-preferred (Out-of-Network) providers:** A non-preferred provider does not have a preferred or PPO contract with a Blue Cross and Blue Shield of New Mexico plan. For most benefits, after you’ve met the non-preferred provider deductible, you will pay a percentage of covered charges for services you receive from non-preferred providers.

**Out-of-pocket limit:** The maximum amount you have to pay for most or all expenses covered under your health care plan during a defined benefit period.
Understanding Sandia Total Health

Sandia Total Health has a Health Reimbursement Account (HRA) established by your employer to help pay for your covered medical and prescription drug expenses and any qualified non-medical 213(d) services. Sandia also offers a Flexible Spending Account (FSA) you can use for health care expenses and any qualified non-medical 213(d) services (irs.gov/pub/irs-pdf/p502.pdf). You contribute pre-tax dollars to your FSA each year. The FSA and HRA are administered by ConnectYourCare (CYC)***. If you enroll in the FSA, your claims will be paid first from your FSA, and once your FSA is depleted, claims will be paid from your HRA. CYC will pay your medical providers directly.

The plan consists of two parts:

Health care coverage

- Comprehensive medical coverage with in- and out-of-network benefits
- Option of Sandia Health Partner Network (SHPN) in Bernalillo, Sandoval, Valencia, and Torrance counties in New Mexico with higher benefits
- Annual deductible and coinsurance provisions
- Out-of-pocket limit amount to protect you from the expense of possible catastrophic illness or injury

Health Reimbursement Account

- Sandia contributes money on your behalf to your HRA based on 1) your coverage level, 2) whether you and your covered spouse* have completed a Health Assessment, and 3) your participation in the Virgin Pulse Points program.**
- Funds from your HRA contribution to pay for the deductible and coinsurance portion of your medical and prescription drug expenses and any qualified non-medical 213(d) services.
- Any unused amount in your HRA at the end of the plan year will be rolled over for use next year, up to the maximum listed in your Program Summary.

* “Spouse” includes same-gender spouses legally married in jurisdictions that recognize their marriages.
** Including completion of a Health Action Plan
*** ConnectYourCare is an independent company that administers Flexible Spending Accounts (FSA) and Health Reimbursement Accounts (HRA) for Blue Cross and Blue Shield of New Mexico.
How Sandia Total Health Works

1. Your HRA helps pay for your health care expenses and any qualified non-medical 213(d) services.

- If you and your covered spouse* have completed your Health Assessment and/or participated in the Virgin Pulse Points program** in 2016, Sandia will contribute money to your account as follows: Up to $500 for employee only, up to $750 for employee + child(ren), up to $1,000 for employee + spouse*, and up to $1,250 for family.
- If the employee and spouse* do not complete the health assessment, the account will receive $500 less.
- Your HRA pays your eligible expenses as long as there are funds in it.
- If you have a Health Care FSA, these funds will be used first to pay for any eligible expenses. Then your HRA pays any remaining expenses. CYC pays your medical provider directly.
- All medical payments apply toward your annual deductible and out-of-pocket maximum.
- Your annual deductible is the amount you need to pay before your medical plan begins to pay.

2. After your HRA funds are used up, you pay the rest of your deductible.

</tbody>

3. After your deductible is met, you pay coinsurance.

- Once you have met your deductible, you and the medical plan share expenses. This is called coinsurance. Your share is 10 percent of eligible expenses for the SHPN, 20 percent of eligible expenses for in-network, and 40 percent of eligible expenses for out-of-network.
- For your protection, there is a limit on how much you need to pay out of your own pocket. Once you reach the amounts shown below, you are covered at 100 percent of eligible expenses for the rest of the year.

Important Things to Remember:

• CYC will pay your medical provider directly if they are in the SHPN and BCBS network of providers.

• A debit card is provided to pay for vision, dental, and prescription expenses with HRA and FSA dollars. If you do not use your debit card, you will need to file a claim and submit documentation directly to CYC online or on the mobile app.

• Auto-Pay for medical expenses can be turned ON or OFF. Auto-Pay ON – All approved and processed in-network medical claims will auto-pay to your BCBS provider.

• Auto-Pay OFF – You can “Click-to-Pay” the claims of your choice. This gives you the convenience of choosing how you want to spend your dollars. Approved and processed medical claims are only processed if you “Click-to-Pay.”

* CYC verifies as many card charges as possible without asking for documentation, but sometimes documentation is needed to meet IRS guidelines. It’s a quick and easy process to upload documentation online or on the mobile app. SMART TIP! Always snap a picture of your receipt with your smart phone in case it is needed later!

Care When and Where You Need It

Getting sick is never convenient and finding time to get to the doctor can be hard. MDLIVE’s telehealth program provides you and your covered dependents access to care for non-emergency medical and behavioral health needs.

Whether you’re in the city, a rural area or you’re on a weekend camping trip, access to a board-certified MDLIVE doctor is available 24 hours a day/seven days a week. You can speak to a doctor immediately or schedule an appointment based on your availability. Telehealth can also be a better alternative than going to the emergency room or urgent care.*

MDLIVE doctors can help treat the following conditions and more:

**General Health**
- Allergies
- Asthma
- Joint aches
- Sinus infections

**Pediatric Care**
- Cold/flu
- Ear infections
- Pink eye

**Behavioral Health**
- Online counseling
- Child behavior/learning issues
- Stress management

Visit the website MDLIVE.com/sandia

*MDLIVE is offered to you by your employer, a participant in your employer’s group health plan and is neither insured through or underwritten by BCBSNM.
To register, you’ll need to provide your first and last name, date of birth and Blue Cross and Blue Shield of New Mexico member ID.

* In the event of an emergency, this service should not take place of an emergency room or urgent care facility. Proper diagnosis should come from your doctor and medical advice is between you and your doctor.

** Internet/Wifi connection needed for computer access. Data charges may apply when using your tablet or smartphone. Check your phone carrier’s plan for details. Video consultation is available Monday through Sunday from 7 a.m. - 9 p.m.

Adult Health - for ages 18 and over
Preventive care is very important for adults. By making some good basic health choices, women and men can boost their own health and well-being. Some of these positive choices include:

• Eat a healthy diet
• Get regular exercise
• Don’t use tobacco
• Limit alcohol use
• Strive for a healthy weight

* Recommendations may vary. Discuss the start and frequency of screenings with your doctor, especially if you are at increased risk.

Women’s Health
Women have their own unique health care needs. To stay well, they should make regular screenings a priority. In addition to the services listed in the Adult Health section, women should also discuss the recommendations listed on this chart with their doctor.

Men’s Health
Men are encouraged to get care as needed and make smart choices. That includes following a healthy lifestyle and getting recommended preventive care services. If they follow a game plan for better overall health, they’ll be more likely to win at wellness.

In addition to the services listed in the Adult Health section, men should also discuss the recommendations shown in the chart to the right with their doctor.

Ask Your Doctor
You probably don’t hesitate to ask your doctor about nutrition and exercise, losing weight and stopping smoking. But you can also ask about:

• Dental health
• Problems with drugs or alcohol
• Sexual behavior and sexually transmitted diseases
• Feelings of depression
• Domestic violence
• Accident/injury prevention
• Preventing falls, especially for ages 65 and over

* Recommendations may vary. Discuss screening options with your doctor, especially if you are at increased risk.
** At least every 2 years for women ages 50-74. Ages 40-49 should discuss the risks and benefits of screening with their doctor.

The recommendations provided in the table are based on information from organizations such as the Advisory Committee on Immunization Practices, the American Academy of Family Physicians, the American Cancer Society and the United States Preventive Services Task Force. The recommendations are not intended as medical advice nor meant to be a substitute for the individual medical judgment of a doctor or other health care professional. Please check with your doctor for individualized advice on the recommendations provided.

Coverage for preventive services may vary depending on your specific benefit plan and use of network providers. For questions, please call the Customer Service number on the back of your ID card.

Good health is a gift anyone would wish for a child, but it doesn’t happen without your help.

Some things you can do to help keep your child well:

- Introduce good nutrition at an early age and be a good role model
- Encourage lots of play and physical activity
- Keep up with recommended vaccinations

Blue Cross and Blue Shield of New Mexico (BCBSNM) wants your child to be well.

**Children’s Wellness Guidelines**

**Children’s Health**

Put your child on the path to wellness right away by scheduling regular office visits with a doctor. The doctor will watch your child’s growth and progress and should talk with you about eating and sleeping habits, safety and behavior issues.

According to the Bright Futures recommendations from the American Academy of Pediatrics, the doctor should:

Help protect your child from sickness. Make sure they get the recommended vaccinations shown in the charts. If your child has missed vaccinations, ask your doctor how to catch up.

Coverage for preventive services may vary depending on your specific benefit plan and use of network providers. For questions, please call the Customer Service number on the back of your ID card.

Tweens and Teenagers
As your children grow into teens, they should continue yearly doctor visits for exams and scheduled immunizations. These visits give the doctor a chance to:

- Discuss the importance of good eating habits and regular physical activity
- Talk about avoiding alcohol, smoking and drugs
- Screen for sexual activity and sexually transmitted diseases as appropriate. Screen for HIV between the ages of 16 and 18.

* Dental Solutions requires a $9.95 signup and $6 monthly fee.

Blue365 is a discount program only for BCBSNM members. This is NOT insurance. Some of the services offered through this program may be covered under your health plan. Please check your benefit booklet or call the customer service number on the back of your ID card for specific benefit facts. Use of Blue365 does not change your monthly payment, nor do costs of the services or products count toward any maximums and/or plan deductibles. Discounts are only given through vendors who take part in this program. BCBSNM does not guarantee or make any claims or recommendations about the program’s services or products. You may want to talk to your doctor before using these services and products. BCBSNM reserves the right to stop or change this program at any time without notice.
Health happens – good or bad, 24 hours a day, seven days a week. That is why we have registered nurses waiting to talk to you whenever you call our 24/7 Nurseline.

Our nurses can answer your health questions and try to help you decide whether you should go to the emergency room or urgent care center or make an appointment with your doctor. You can also call the 24/7 Nurseline whenever you or your covered family members need answers to health questions about:

- Asthma
- Back pain
- Diabetes
- Dizziness or severe headaches
- High fever
- A baby’s nonstop crying
- Cuts or burns
- Sore throat
- And much more

Plus, when you call, you can access an audio library of more than 1,000 health topics – from allergies to surgeries – with more than 500 topics available in Spanish.

Note: For medical emergencies, call 911. This program is not a substitute for a doctor’s care. Talk to your doctor about any health questions or concerns.
